Selectmen's Meeting

SEPTEMBER 25, 1984 - by VIRGINIA ARRAL

SELECTMEN ORDER: VICIOUS DOG MUST LEAVE TOWN

Sworn testimony by Police Lt. James Santos and statements by Police Officer Phillip Marcosa and dog officers convinced Selectmen last Tuesday to unanimously vote to order a "vicious German Shepherd to be removed from Mattapoisett and not return".

The dog's owner, June DeMeritte of 62 Fairhaven Road, pleaded with the board to consider the fact that the 7-year old dog belonged to her son, now dead. "The dog is the only thing I have left of my son", she said. "I brought him back from California where I had no problem with him."

Lt. Santos related the events leading up to the serious attack on Mrs. Bernice Heuberger, bus matron, and the slight attack on 11-year old Holly Pittsley of Fairhaven Road at 7:47 a.m. September 11 while Holly was waiting for the school bus. Both were taken to Tobey Hospital after Officer Marcosa responded to the call.

Mrs. Heuberger received substantial injuries after having been bitten several times on both legs, said Mrs. Lois Ennis, Town Clerk and Mrs. Heuberger's daughter. She noted the calf on her right leg required several stitches where the bite went down to the bone and puncture wounds on her thigh. Mrs. Ennis added that her mother is a diabetic and still under a doctor's care and has not returned to work.

Holly received a puncture wound and scratches and was on medication for three days, said Mrs. Dianne Pittsley, Holly's mother. She noted her daughter did not know the dog.

Dog Officer Joseph Caton was called and

placed the dog under quarantine for 10 days and ordered the owner not to let the dog loose for 10 days. However, reported Santos, the dog got loose again on September 20.

At that time the dog threatened a worker at Big Turk's Seafood Market (next door to Mrs. DeMeritte's). Assistant Dog Officer Linda Caton and Mrs. DeMerritte both attempted to capture the dog. Police Officer Glen Souza responded to the call and shot mace at the dog and returned it to its owner's house.

On September 21, at the recommendation of Lt. Santos, Selectmen Chairman John N. DeCosta and Selectman Frank Suzan held an emergency meeting and ordered the dog confined until tonight's hearing. The order

stated if the dog couldn't be taken, then Selectmen gave their permission to destroy the dog.

Lt. Santos reported that on September 21 he, Officer Marcosa, two members of the New Bedford Animal Rescue League and the dog officers came to pick up the dog. The owner brought the dog out without any action necessary by the officers.

Mrs. DeMeritte said she kept the dog on a heavy cable, but he broke loose. "At the September 11th incident, I didn't know the school bus schedule or I wouldn't have let the dog out on his cable," she said.

She continued her explanation saying, "I told the lady - since identified to me as Mrs. Bernice Heuberger, bus matron, to stand still, but she put her leg out in an attempt to protect Holly and the dog lunged and bit her."

On September 21st, the Rescue League dog officer tranquilized the dog and took him to New Bedford's Rescue League, where he is presently being held, Lt. Santos said.

Dog Officer Joseph Caton noted the dog is not a family-type dog and appeared to have K-9 type training where the slightest incident triggered an attack. Officer Marcosa said the dog is a beautiful animal but that it seemed nervous and did not respond to its owner's commands.

Mrs. DeMeritte said because she has had the dog such a short time and because the dog has

lost its master it could explain the dog's nervousness.

Lt. Santos, in stressing a point of clarification, felt the board should consider an animal such as this would be detrimental where there are so many children in the area (a private nursery school and Old Hammondtown School) and business customers. "Please keep the kids in mind."

Based on the testimony of police officers, including written reports of the dog officers, the board declared the dog has a vicious disposition and is a nuisance by reason of the vicious disposition and ordered the dog removed from Mattapoisett and not returned.

Selectman James Huntoon said by statute the owner has 10 days to bring a petition to Fourth District Court praying the order be removed by the court. The board members stressed they were not ordering the dog to be destroyed, but just removed. All members felt Mrs. DeMeritte could find a good home for the dog outside Mattapoisett.

In other business, Selectmen:

HEARD A REPORT from Chairman DeCosta on the success of a supper/meeting at the Fin, Fur and Feather Club to discuss the new dam at the Herring Weir.

Selectmen voted to support the petition to construct a new dam and will send a letter to Senator William Q. "Biff" MacLean citing the board approval. Selectman Frank Suzan added that Mattapoisett's Herring Inspector, Antone Nunes, concurs with the board's vote.

MET WITH David P. Crowley, electrical engineer, who is building a new home at 39 Aucoot Road, and Russell Peirce, town wiring inspector, to discuss Crowley's complaint citing lack of cooperation with Peirce.

Crowley told Selectmen he wanted to do the wiring himself but needed some guidelines as to just what was required. He claimed Peirce was "unresponsive and uncooperative" and, at one point, "hung up on me".

Peirce replied that he is an inspector - not an instructor and that Crowley had too many defects. "The whole thing was completely wrong," said Peirce. In response to Crowley's saying he had an electrician check the system, Peirce said any bonafide electrician would tell him where he is wrong.

Peirce added that when he went for a rough inspection it wasn't ready. "No way could I let him cover it up the way the wiring is now - boxes too small, wires too short." The wire inspector presented a list of defects that was prepared by Arthur L. Cushing, assistant wire inspector, after he inspected the house.

The board members asked Peirce if Crowley would qualify for an inspection permit if he complies with the list. Peirce agreed Crowley probably would but he advised a service inspection first - then a final inspection before anything is covered up.

PRESENTED A CERTIFICATE OF APPRECIATION to George D. Heath, Jr., retiring plumbing inspector, on his 35 years of dedicated service. "On behalf of the town", said Chair-

VOTED ON A TRANSFER of a wine and malt liquor license from the Mattapoisett Chowder House to New England Chowder, Inc., d/b/a the Mattapoisett Chowder House, Route 6.

Robert T. Clarkson of 66 North Street said he formed a closely held corporation on February 13, 1984 with his wife, Patricia Clarkson, and the transfer was just to reflect that change and no changes will be made in the operation of the Chowder House.

APPROVED A STEP INCREASE for Elaine Sylvia, Selectmen's secretary. The increase will be in the amount of $4.68 more per week. It was recommended by Carol Adams, executive secretary, who said Elaine's work performance is outstanding.

Elaine, who served 2½ years as Veterans' Clerk, has been in the Selectmen's office for three years. Chairman DeCosta noted "she does a super job".

Special Missionary Sunday

MARION CONGREGATIONAL CHURCH

The Missionary Committee of the Marion Congregational Church is planning a very special day on October 7th. Mr. Douglas Beans, a regional representative of Church World Service, will lead the worship service and give the sermon at 10 a.m. Then everyone will move over to the Community Center, where Mr. Beane will talk about his work and show slides. Light refreshments will be served.

Mr. Beane is a native of Plymouth, a graduate of Harvard, and later had a semester's work at Harvard's Graduate School of East Asian studies. He was a naval officer, serving in Japan and Vietnam for 4 years. He had 8 years in Church World Service in Viet-

Rochester Memorial School

The Rochester Memorial School Parent-Student Handbook was completed and distributed last week to students and parents. This Handbook is for the purpose of informing the parents and students of the school policies, programs, and special services.

The Handbook was compiled by a parent committee of the former PATO which provided the major funding for this project. Other funds came from local businesses. The Handbook committee wishes to thank Principal Charles Elofson for a great deal of help with information for the book, the teachers for information on specialty areas and for their suggestions, and other administrators and school committee members for their review of the material.

One Handbook was sent home with the young-

THE FAIRHAVEN SAVINGS BANK CONCERT SERIES
at the
Rotch-Jones-Duff Museum

Friday, October 5, 1984 **8:00 p.m.**

featuring The Honors Brass Quintet from the New England Conservatory of Music

The Fairhaven Savings Bank cordially invites you to the first in its new Fall series of House and Garden Concerts at the beautifully restored Rotch-Jones-Duff Museum at 396 County Street, New Bedford, Friday, October 5. The doors open at 7:30 p.m. The concert begins at 8.

The New England Conservatory's "Honors Brass Quintet" is the winner of an intense competition among various ensembles at the school. The quintet- two trumpets, a French horn, a trombone and a tuba - has played to great acclaim at the Boston Museum of Fine Arts and at Jordan Hall in Boston.

The concert will be offered free to the public. It will be held indoors and guests may enjoy the garden or the comfort of the porch, weather permitting. Parking is available at the Swain School parking lot, corner of County and Hawthorn Streets.

bor. Rowers will bring their shells ashore at the Beverly Yacht Club.

The race is run under the auspices of the Alden Ocean Shell Association which, with its 330 members, is the largest recreational rowing group in the United States. David Arms is Chairman of the event and Richmond Viall, President of the Association, is in charge of entries.

This regatta has a history of rowing in exciting ocean conditions due to Marion's dynamic Fall weather. In 1982, after rowing from Stone's Point to Sippican Harbor in squall conditions, Gregg Stone named the race the "Fastnet of Ocean Rowing Races".

The Sippican Ocean Rowing Regatta has become a major recreational rowing event in New England and is considered a training race for the Head of the Charles Regatta which will take place on Sunday, October 21st.

League of Women Voters

TO CELEBRATE COASTWEEK

The Marion-Mattapoisett League of Women Voters is joining with many other groups throughout the nation to celebrate the third annual Coastweek, October 7-14, in the year of the Ocean 1984.

On Monday, October 8th, from 9:30 to 11:30, there will be a children's walk at Silvershell Beach, sponsored by the L.W.V., to develop awareness and the knowledge of how to protect this valuable resource. Expecially invited are all children and young people grades three and up.

Mr. Fred Hutchings, third grade teacher at the Sippican School, will show how the waves change and shape the beach; how plants grow to protect it; how to tell the age of seashells; how to find out about the animals who have lived in them; how to use nets to find the small animals and plants at the water's edge; and, best of all, he will reveal the beauty of grains of sand seen through the microscope.

Meanwhile, the Elizabeth Taber Library will have a display and books for further interest and information.

Firefighters' Auxiliary

MRS. YEN DEMONSTRATES WOK COOKERY

At the September Firefighters' Auxiliary meeting, Mrs. Meiling Yen presented a fascinating talk on the customs surrounding the Chinese New Year, and prepared a delicious three course dinner complete with fortune cookies.

Mrs. Yen demonstrated the "quick stir fry" method of wok cooking and provided several excellent cooking tips. Enlisting volunteers from the audience, she prepared a fresh vegetable medley, fried rice and marinated beef with oyster sauce.

The Yen family came from China and opened Meiling's Restaurant on Route 6 in Mattapoisett which they ran for 30 years. Now retired, she continues to share her cooking skills in Chinese cooking to small groups of interested people.

Thank you again, Mrs. Yen, for a wonderful evening of enrichment and good dining.

The Mattapoisett Firefighters' Auxiliary meets on the third Wednesday of each month and is open to all interested community members.

Mattapoisett Historical Society

ANNUAL MEETING HELD

Last Wednesday evening the Mattapoisett Historical Society had its 26th Annual Meeting. Ms. Bette Roberts, vice president, conducted the meeting as Ms. Mildred Hammond, president, had laryngitis. The secretary's, treasurer's and nominating committee's reports were read and accepted.

The 1984-85 officers duly voted in are: President, Mildred Hammond; Vice President, Bette Roberts; Secretary, Ruth Jenney; Treasurer, Henry Kettell; Board of Directors, Patricia Bernard, Peter Briggs, Kenneth Watjen.

With the theme, "Preserve Yesterday's Today's for Tomorrow", Bette Roberts reported the progress of the Building Committee to raise funds for the addition to the museum. This addition that has been started will afford the museum more space for office, genealogy records and storage. The committee aims to raise $15,000 of which $4,000 has been realized. "More interest should be generated in the Historical Society and its work as most people in Mattapoisett are not aware of what a gem of a museum and wealth of information and artifacts are theirs to enjoy", said Ms. Roberts. Volunteers to help this committee are called for.

Susan Watjen also reported that volunteers for the Outreach Group are needed to help in the instruction of the classes of school children that visit the museum as part of their school curriculum.

Mr. Maximilian Ferro of the Preservation Partnership in New Bedford, a firm of preservation consultants, spoke on what an architectural conservator does. Anyone doing anything to a house to improve it should have heard Mr. Ferro. He showed how one dates a house, or its parts if it has been added to or remodeled, and what can be done to bring an old house or structure back to

ATTENDING HARTWICK COLLEGE

Richard J. Byrne, son of Mr. and Mrs. Richard J. Byrne of Rochester, is a member of the freshman class this fall at Hartwick College in Oneonta, New York.

Hartwick College is a private, co-educational, liberal arts institution of 1400 students, located in the Catskill Mountain region of New York State.

Thank You

I wish to express my heartfelt thanks to all the members of "FISH" for their kindness and compassion over the weeks when my husband Orum was ill. These dedicated people made it possible for me to be with him when I might have been unable to go the hospital alone. They also provided transportation to Fall River for treatment for which I am so grateful.

My thanks also to the Mattapoisett Police Department for their aid when I really needed them. It's good to live in a town with such an able and competent group.

Sincerely, Marion Kerst

Christoph Schmidt, President of the Fairhaven Savings Bank, commended the Waterfront Historic Area League (WHALE) and Chairwoman Rosalie Baker for creating the opportunity to bring excellent and diverse musical entertainment to residents of the Greater New Bedford area and for opening up the Rotch-Jones-Duff mansion to the public in this way. "The bank is pleased to be a partner in this community development project."

The New England Conservatory attracts students from all over the world and presently counts 130 foreign students from twenty-six countries out of a total enrollment of 700. The Honors Brass Quintet reflects this cosmopolitan aspect of the school.

The Massachusetts coastline supports one of the world's richest fisheries and offers opportunities for recreation and development. Competing demands for swimming beaches, ports, marinas, housing, offices, fish processing plants and other uses put tremendous pressure on coastal resources. For that reason the Plymouth County Wildlands Trust (OCWT), which protects over 800 acres of conservation land, has joined dozens of other groups in participating in this 3rd annual celebration of Coastweek from October 7-14. The purpose is to encourage activities that enhance public awareness of the great value of our shorelines and the problems of making the best use of ocean and coastal resources.

PCWT is pleased to have Dr. Hankin lead this walk. The organization he directs, the Lloyd Center for Environmental Studies, specializes in education and research on coastal and estuarine environments in southeastern Massachusetts. The Center is spon-

TEACHER ADVISORY GROUP STARTS

On Saturday, October 13th, at 11 a.m. an informal, organizational meeting of the Children's Museum's Teacher Advisory Group will be held.

The purpose of the group is to explore ways the Children's Museum can more efficiently serve the needs of area teachers.

Through monthly or bi-monthly informal gatherings, the group would examine specific needs and search for ways the Museum's resources could be used to address the needs.

Robert Bailey, Director of Education, noted, "The Museum has a unique combination of collections, materials, equipment, facilities, and staff that can be used to encourage and assist teachers with science education, but we must have teacher input to be most effective." Teachers and other youth leaders are invited to attend the meeting.

BIRD BANDING DEMONSTRATION

BIRD BANDING is a fascinating, educational and important scientific hobby. On Saturday, October 6th, Chrystine Laubach, an instructor at the Children's Museum in Dartmouth, will show how it's done and why it is important. Two workshops will be held (weather permitting). The first will be from 10 to 11:30 a.m. for children 6 and under. Then, the second for older children and adults will be from 2:30 to 5 p.m. Cost is $2.00 for mem-

Cost is $2.00 for members, and $2.50 for non-members.

Grant to Glass Museum

The New Bedford Glass Museum will receive a grant of up to $60,000 this week from the Massachusetts Historical Commission, it was announced last week by Secretary of State Michael Connolly.

The grant, part of a radically new grant program being pioneered by the state of Massachusetts, will go toward emergency repairs of the Glass Museum's 163-year-old building.

"Although the Museum has gone through two earlier stages of restoration," said Museum Director Janie Chester-Young, "in 1965 and in 1976 the work was never finished, and some serious structural problems had to be ignored for lack of funds. This grant is a true windfall, since it will allow us to begin restoration before the worst winter storms make matters any worse."

Among the problems being addressed by the

M.H.C. monies are water penetration through the roof, walls, and windows, and restoration of the Museum's third floor, the former 'servants' quarters' of the original Banjamin Rodman house, which was never restored from its turn-of-the-century misuse as a warehouse and has been damaged by the conditions of more recent years. The third floor, when fully restored, will become storage space for the Museum's fine arts collection, so that structural problems on lower floors can then be remedied.

The New Bedford Glass Museum must match the Historical Commission's grant with $40,000 from local sources. $20,000 of which must be put into an endowment for the perpetual maintenance of the historic property. "The timing of the grant was wonderful from a practical standpoint," continued Mrs. Chester-Young, "and we couldn't ignore this once-in-a-lifetime opportunity." The Glass Museum began negotiations with the Historical Commission staff for the new grant program before the program's guidelines were even finished. "Our demonstrated need was so great, we were put on an accelerated schedule, even though we were actually in the middle of planning a major funding campaign to remedy the Museum building's problems. To fill the time gap in our campaign solicitation, the New Bedford Institution for Savings wrote an instant loan approval so that we could meet the Historical Commission's matching deadline. We do plan, however, to raise the money from community sources, and not have to borrow in actual fact."

The New Bedford Glass Museum is operated by the New Bedford Glass Society, with 900 members locally and nationwide. The Museum's funding campaign will be led by the Society's Board of Trustees. In receiving the announcement, Board President Wesley E. Lake commented, "We're delighted with the grant award. This is a wonderful start to the Museum's campaign, and we look forward to getting underway soon."

The New Bedford Glass Museum is located at 50 North Second Street in New Bedford's

BICYCLE TRIP

Come and enjoy the crisp autumn air while bicycling country roads on Saturday, October 20th, and get a closer look at the foliage and beaches as they change seasons. The day will be spent both pedaling and stopping to explore coastal areas on foot. Demarest Lloyd State Park and East Horseneck Beach are two destinations well worth the excursion.

The trip will pass freshly harvested corn fields tucked between forests of hardwoods. The variety of trees in South Dartmouth allow for a splendid display of colors as the days shorten and leaves begin to change different shades. The bright colors of the trees will contrast sharply with the subtle shades of autumn light over a quiet sandy beach, serene with the absence of summer visitors.

Please be sure your bicycle is in good working order. Pre-registration at the Lloyd Center is required. Call Marie Arnold, 995-0505 for more information. The charge

OPEN HOUSE

The Lloyd Center for Environmental Studies, 430 Potomska Road, South Dartmouth announce an Open House on Sunday, October 14th, from 9:00 a.m. to 5:00 p.m. The public is cordially invited to visit the Center on this final day of Coastweek '84 to walk the trails, enjoy the view and learn about the Slocum River's inhabitants through a series of aquaria set-up by habitat in the Center's Teaching Center. A series of three coastal walks will take place on Sunday: 9:00 a.m. - Salt Marsh; 1:00 p.m. - Rocky Shore; and 3:00 p.m. - Dunes. These walks are open to all and are free of charge. They present a good opportunity to visit beautiful areas of our coast and to learn something of the ecology of each distinct coastal habitat.

For a complete schedule of COASTWEEK '84 events planned by the Lloyd Center, and for more information on our Open House, please call the Center at 990-0505.

Summary of Lloyd Center Research

The Lloyd Center for Environmental Studies is sponsoring an evening program of summaries of Lloyd Center Research October 10th at 7:30 p.m. at the Dartmouth Middle School, Hawthorn Street in North Dartmouth. There is no charge for this program. Several researchers who are exploring the environment in southeastern New England under the auspices of the Lloyd Center will describe and demonstrate the work they are performing.

The focus of the Lloyd Center is education and research on our coastal environment. One objective is to provide a means for transmitting recent research discoveries into plans to protect and to properly manage our very beautiful and unique region. The research activities of the Center includes work performed by graduate students working on Mas-

ters and Doctorate degrees, visiting scientists, and others who have volunteered their time or received a stipend to assist them in their work.

One major study to be discussed at the evening program is the sedimentation problems at the mouth of the Allen's Pond inlet. Cynthia Tomlinson, Masters degree candidate from Boston University, will discuss her year-long pre-and-post-dredging study of this very pristine coastal resource. Andy Bakinowski, also from B.U., has been studying how the Slocum River beach front has changed over the last 5000 years by taking cores of the ridges behind the beach. Some of his findings seem to point to a shoreline which has moved seaward 265 feet over the last 5 millenia in addition to a change to our present mix of white pine and oaks from a primarily hemlock forest.

David Jansen will describe his research which will lead to the preparation of an inventory of all salt marshes in the Commonwealth of Massachusetts, a Lloyd Center project in conjunction with Massachusetts Coastal Zone Management Office. His work will lead eventually to an atlas of all Massachusetts salt marshes, a project never done before in this state.

Rick Kowalski will be discussing the problem of salt water intrusion into coastal wells.

Jane Gemma will explain the project that she and Margaret Carreiro have taken on, involving dune grasses. Recent evidence suggests that a particular fungi which grows in association with the grasses is able to improve the plant's access to essential nutrients. This has important implications for dune stabilization projects.

Mark Mello, Research Scientist at the Center for Coastal Studies in Provincetown, continues his project, through the Lloyd

Joe Costa, a Ph.D. candidate with the Boston University Marine Program, is mapping the distribution of Eelgrass in coastal waters. The resulting information will prove valuable to resource managers, environmental planners and regulatory agencies.

Because of the number of researchers included in the evening's program, summaries will be limited to 15-20 minutes each. American runner Jesse Owens is probably best remembered for his success during the Olympics in Hitler's Germany in 1936. However, Owens racked up some remarkable, less heralded records in his life. He's the only athlete to have his name entered in the record book six times in one day! He broke world records for a variety of 100-yard and 220-yard runs on May 25, 1935.

The world's youngest tennis champion ever at Wimbledon was Charlotte Dod, who was 15 years and nine months old when she won back in 1887.

cello, mandobass, and classic guitars. Its repertoire is both traditional and modern, encompassing classical pieces, popular pieces from the time of the mandolin's first heyday in this country, and contemporary American and European compositions.

Providence, R.I., according to Perry, was a center of mandolin activity from the early 20th century until World War II and boasted several soloists, an orchestra, and a mandolin quartet.

The concert is a presentation of the SMU Music Guild.

Plimoth Plantation

PLANTATION HOSTS AUTHOR/PHOTOGRAPHER OF NEW THANKSGIVING BOOK

Visitors to Plimoth Plantation may meet the author and photographer of a newly released book, The First Thanksgiving Feast, on October 6 and 7 in the museum gift shop.

Published this month by Clarion Books, The First Thanksgiving Feast chronicles the events that led up to and included the first harvest celebration -- the forerunner of our national holiday of Thanksgiving.

Joan Anderson Wilkens, author, and George Ancona, photographer, will autograph books in the Gift Shop from noon to 3:00 p.m. on both days.

The pair spent several months last year researching and photographing their book at Plimoth Plantation.

A child's book, The First Thanksgiving Feast is the Junior Literary Guild selection for this fall. It retails for $12.95.

lage at Plimoth Plantation for harvest feasting and games October 6, 7 and 8.

The traditional harvest celebration, marking the end of a successful growing season, is the forerunner of the modern Thanksgiving holiday.

Isaack de Rasieres, the secretary of the Dutch colony, and his men will arrive at the Pilgrim Village at 11:00 a.m. on Saturday morning, October 6. Canons and trumpets will sound the Dutch arrival and Governor William Bradford will formally greet them. Speeches and gifts will be exchanged.

Plimoth Plantation will re-enact the arrival of deRasieres who visited the English colony in 1627 to discuss possible trade arrangements and military alliance. This will be a major production for the living history museum.

The Pilgrims will show the Dutch outstanding English hospitality with a bountiful feast, singing and games of pillow bashing, running the quintain, pipe and taber and tug-o-war. Military displays and a contest in swordsmanship will occur each afternoon. Visitors to the Plantation may join in the games as well.

Plimoth Plantation is located on Warren Avenue (Route 3A), three miles south of downtown Plymouth. Admission to the Pilgrim Village is $5.50 for adults, $3.00 for children ages 5 to 13. Children under 5 are admitted free.

centration, poise, self-confidence, speech and creative movement in their study and performance of E.B. White's classic work. The Children's Literature Association has named "Charlotte's Web" "the best American children's book of the past two hundred years". The children will create the colorful characters of Wilbur, the irresistible young pig who desperately wants to avoid the butcher; Fern, a girl who understands what animals say to each other; Templeton, the gluttonous rat who can occasionally be talked into a good deed; the Zuckerman family; the Arables; and most of all, the extraordinary spider Charlotte who proves to be a "true friend and good writer". The workshop members will perform this memorable work on November 10th at 10:30 a.m. and November 11th at 1:00 and 3:00 p.m. on the Theatre's "Le Studio" stage.

Children who wish to register for the Charlotte's Web Children's Theatre Workshop should call the theatre at 224-4888 or write P.T.B., P.O. Box 424, Whitehorse Beach, MA. 02381. HEAT YOUR HOME WITH 27% LESS OIL.

Many oil boilers in America operate at only 60% efficiency (which means 40% of the heat is going right up the chimney). A new Weil-McLain Model 66HE oil boiler operates at an impressive 82% efficiency. If you have an old fuel-wasting boiler, you could reduce your fuel oil usage by 27% with a new 66HE high-efficiency oil boiler.

The 66HE oil boiler is made of cast iron to give you years of dependable comfort. It's from Weil-McLain—America's leading manufacturer of home heating boilers for over a century. And we have one that's just the right size for your home.

Call us today. We'll show you how you can cut costly energy waste.
